NPIC/B-338-79

10 NOV 1970

MEMORANDUM FOR: Chief, Position Management and Compensation
Division, Office of Personnel

THROUGH : DIA/I Planning Office

SUBJECT : Building Engineer Position

1. It has become increasingly clear to NPIC during the past year that a full-time engineer is needed to handle all aspects of construction, utilities and engineering associated with [REDACTED] The Office of Logistics (OL) detailed an engineer to NPIC in April 1970 in order to provide immediate attention to several large scale projects and to confirm the continuing need for such an officer. Both NPIC and OL are now convinced that a Building Engineer will be required for the foreseeable future and a position must therefore be established for this purpose.

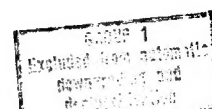

25X1

2. Attached is a position description which has been reviewed informally by the Position Management and Compensation Division (PMCD) and by OL. It is our understanding that similar positions have been established at the GS-14 level in other parts of the Agency and that this position will be approved at the same level.

3. In order to provide this new position, NPIC requests that the following adjustments be made in its staffing complement:

COMPONENT	POSITION NUMBER	TITLE	GRADE		INCUMBENCY	
			FROM	TO	FROM	TO
IEG/MSD/PB	1158	Editor-FI	GS-12	GS-12	2	1
IEG/OSD/TPE	1635	IA-Gen	GS-11	GS-09	1	1
IEG/OSD/TPE	1636	IES-1A	GS-11	GS-12	1	1
TSG/PAPS	1425	Sec. Steno	GS-06	GS-05	1	1
SS/LB	NEW	Eng-Gen	-	GS-14	-	1
			52	52	5	5

SUBJECT: Building Engineer Position

These adjustments do not change the average grade or total positions of NPIC. The addition of one GS-14 position increases the total number of NPIC GS-14 and GS-15 positions from 83 to 84, as authorized for FY 1971.
